2024

Our 2024 Christmas Gift Range

A collection of 8 beautifully designed, stylish gifts, with stunning jewel-coloured packaging to inspire and delight.

This season our packs have been designed by Tipperleyhill, a creative duo that have been brightening our world with their colourful art since they teamed up. The vibrant patterns are inspired by nature's textures and Weleda's beautiful botanical ingredients, and perfectly compliment the colours of our range.

Introducing our artists

Tipperleyhill is a collaboration between two artists: Abi Tippetts and Roz Berkeley-Hill. Often working on two canvases at the same time, moving from piece to piece simultaneously, Abi and Roz combine their collective energy. They met whilst working together at a textile design studio in New York where they discovered a mutual love of colour and pattern before returning to the UK to establish their studio.

Thoughtful print & packaging

Our new Christmas gift collection for 2024 is a thoughtful change from the usual excesses of Christmas packaging. Weleda was named Eco Brand of the Year in the 2023 Beauty Shortlist Eco Lifestyle Awards.

Our gift packaging is made with the planet in mind, both lid* and cardboard tube are fully and easily recyclable, printed using vegetable inks on FSC certified board, free from plastic inserts or cellophane wrapping, to minimise carbon impact. Our bags are made with 100% GOTS (Global Organic Textile Standard) organic cotton.

The empty containers can be repurposed for colourful storage for your pens and pencils or make-up brushes, whilst the organic cotton bags can be re-used as wash bags, make-up pouches or for travel essentials.

Every gift set offers savings on the recommended retail prices for the products alone, plus the bonus of beautiful gift packaging.
